OBJECTIVES

It is the purpose of West Virginia Wesleyan College to be a Christian college of liberal arts in the sense that its total program is motivated by Christian ideals and principles, and is directed toward the development of competent, cultured, Christian persons.

The College seeks to help each student, in the light of his individual abilities, interests, and needs, to become such a person by attaining the following specific objectives:

1. Ability and disposition to read the English langauge with understanding, and to speak and write it correctly and effectively. (Stressed in total program, and particularly in composition and speech.)

2. Ability and disposition to think clearly, objectively, independently, and constructively. (Stressed in total program, and particularly in mathematics, natural and social sciences, and philosophy.)

3. Ability and disposition to order one's own life in such fashion as to realize the highest possible degree of health and efficiency of both body and mind. (Stressed in total program, and particularly in physical education and psychology.)

4. A broad orientation in the liberal arts, — some understanding and appreciation of the content and value of the main fields of learning and of the major problems of human life. (Stressed particularly in courses prescribed for all students, and distributed widely over the four divisions of the curriculum.)

5. Sufficient concentration in some field, or fields, to constitute adequate preparation for graduate study or immediate entrance into some well considered vocation, such as teaching, the ministry, business, industry, etc. Through its program of testing and guidance the College undertakes to help the student to choose wisely his vocation or profession. Through its instructional program it undertakes

PRESIDENT SCARBOROUGH AND STUDENTS

DEAN SCHOOLCRAFT AND STUDENT

to help him acquire the knowledge and develop the skills essential to success in his chosen field. (Stressed particularly in courses constituting the student's major and minors, and in the guidance program.)

6. Understanding, appreciation, and experience of the Christian religion, — development and practice of a Christian philosophy of life. (Stressed in total program, and particularly in courses in Bible and philosophy, in college chapel, in student organizations of a religious character, and in participation in life of local churches.)

7. Ability and disposition to be a good citizen, — to participate in, and assume leadership in, socially constructive organizations and activities; and to foster extension of democracy and development of a worthy cosmopolitanism. (Stressed in total program, and particularly in student participation in government, student organizations, and extracurricular activities.)

The College attempts to help its students toward these objectives in the following ways:

1. By providing a faculty of capable teachers of substantial Christian influence.

2. By providing a program of individual guidance designed to help each student make the best possible use of his talents, time, and opportunities. (See Testing Program, Counseling.)

3. By constantly restudying both its own objectives and procedures in order to improve them, and the needs of its students in order to meet them more fully.

ACCELERATED PROGRAM

West Virginia Wesleyan College affords students an opportunity to complete their studies in as short time as may be consonant with thoroughness. Many students,

especially veterans and others whose studies have been interrupted or delayed by World War II, welcome a soundly accelerated program.

By offering two 16-week semesters and two 6-week summer terms annually, West Virginia Wesleyan College makes it possible for a student to earn from 44 to 48 semester hours of credit per year, and to complete a degree course in three years or less.

Freshmen are admitted at the beginning of any semester or summer term. Students entering on June 6, 1949, and pursuing successfully an accelerated program, will be graduated in January or May, 1952; those entering September 16, 1949 will be graduated in May or August, 1952; and those entering January 30, 1950 will be graduated in August, 1952 or January, 1953, depending in each instance upon the degree of acceleration at which the student concerned can successfully pursue his studies.

It is optional with the student whether he pursues the accelerated program or the regular 4-year program. Successful pursuit of the accelerated program will call for sustained and concentrated study.

The accelerated program is in every respect equivalent to the regular 4-year program. Acceleration is accomplished by the elimination of the long summer vacations which feature the 4-year program, and in the case of the exceptionally capable student by increasing his semester load by one or two semester hours beyond the normal registration. (See Student Load.)

LOCATION

West Virginia Wesleyan College is located in Buckhannon, a city of about 6,000 inhabitants, near the geographical center of West Virginia. The Baltimore and Ohio Railroad, several bus lines, and national and state highways (U. S. 33 and 119, W. Va. 4 and 20) make West Virginia Wesleyan College easily accessible from all directions.

The fifty acre campus, which fronts on College Avenue between East Main and Meade streets, is shaded and beautified by a grove of native oaks and hundreds of other trees and shrubs planted by the founders and friends of the institution. The beauty of the campus is still further enhanced by its larger setting, the scenic foothills of the Alleghenies.

HISTORY

West Virginia Wesleyan College was founded in 1890 by the West Virginia Conference of The Methodist Episcopal Church under the title of The West Virginia Conference Seminary.

The founding and development of West Virginia Wesleyan College marked the successful culmination of the vigorous and persistent educational efforts of Methodists in what is now West Virginia. Earlier schools established here, and operated for a time, by Methodists during the nineteenth century included The Mt. Hebron School (later Marshall Academy, and now Marshall College), Asbury Academy (at Parkersburg), The Northwestern Virginia Academy (at Clarksburg), and The Fairmont Male and Female Seminary. But by the end of the Civil War period Methodists in West Virginia found themselves without a school. Marshall had become a state institution, and the others had ceased to function.

In 1886 the West Virginia Conference of the Methodist Episcopal Church organized the Board of Trustees of the West Virginia Conference Seminary, and instructed this Board to secure a charter, and select a location, for the proposed Seminary. Buckhannon was chosen as the site of the new school, a building was erected, and the first term was opened in September, 1890.

For fourteen years the West Virginia Conference Seminary operated as an academy, or preparatory school. In 1904, however, it became an institution of collegiate rank, known since as West Virginia Wesleyan College. For

more than a decade after 1904 the College offered courses on both the academic and college levels, but due to the rapid rise of public high schools the academic phase of the curriculum rapidly diminished and soon disappeared.

In 1941 the West Virginia Conference of the Methodist Church, constituted by the unification of the Methodist Episcopal Church, The Methodist Episcopal Church, South, and The Methodist Protestant Church, ordered that West Virginia Wesleyan College should be the only educational institution to be operated under its auspices. (By this action Morris Harvey College, owned and operated since 1889 by the Methodist Episcopal Church, South, acquired independent status.)

Throughout her history West Virginia Wesleyan College has sought to serve faithfully the Church to which she owes her existence, the nation, and the world, — by helping her students to synthesize scholarship and Christianity in the good life.[1]

GYMNASIUM

The Gymnasium houses the department of Physical Education and the College Dining Room.

STUDENT CENTER

The Student Center is a large one-story structure erected by The Federal Works Administration to provide additional facilities at the College. Located on the campus between the Gymnasium and Housing Unit II, this building houses a large lounge, fountain service, snack bar, a recreation room, the book store, a number of offices, and the health center.

AGNES HOWARD HALL

Agnes Howard Hall is a four-story brick residence hall with accommodations for 140 women. The hall was named in memory of Agnes Howard, a student here in 1916, whose parents, Mr. and Mrs. Clarence D. Howard, contributed generously toward its construction.

Rooms are furnished, except for linens, blankets, rugs, and curtains.

Students desiring accommodations in the Agnes Howard Hall should make reservations as early as possible. In order to obtain a reservation it is necessary for a student in residence, or a former student approved for readmission, to file a written request for a reservation and pay

the required deposit. An applicant for admission must submit a complete application for admission with her request for a reservation and her deposit.

College women not living at home are required to live in College residence halls. Under very extraordinary circumstances the Administration Committee may authorize an exception to this rule.

FLORIDA STREET HOUSE

The Florida Street House, a four-story brick residence hall located on Florida Street at Central Avenue, provides accommodations for 35 women.

Furnishings and regulations regarding reservations are the same as for Agnes Howard Hall.

COLLEGE AVENUE HOUSE

The College Avenue House, facing the campus at College Avenue and Sedgwick Street, provides accommodations for 15 women. (This house was the President's Home until 1943.)

Furnishings and regulations regarding reservation are the same as for Agnes Howard Hall.

MEADE STREET HOUSE

The Meade Street House, facing the campus at College Avenue and Meade Street, contains three apartments for students with families.

CAMPUS HOUSE

The Campus House, located on the campus, contains two apartments for students with families.

HOUSING UNIT I

Rooms are furnished with the exception of rugs and curtains.

Students desiring accommodations in Housing Unit I should make reservations as early as possible. In order to obtain a reservation it is necessary for a student in residence, or a former student approved for readmission, to file a written request for a reservation and pay the required deposit. An applicant for admission must submit a complete application for admission with his request for a reservation and his deposit. All residents of Housing Unit I are required to make an additional security deposit of $10.00, which will be refunded at termination of residence, less deductions for any damages done college property.

HOUSING UNIT II

Housing Unit II consists of eight buildings erected by the Federal Public Housing Authority for housing veterans with families while in residence at the College. This unit, located on the campus at Meade Street and Camden Avenue, contains 32 apartments. Each apartment consists of a living room, a bedroom, a kitchen, and a bath. All apartments are furnished, except for rugs, curtains, china, silver, and kitchen utensils.

The Home Economics Cottage, dedicated November 19, 1942, is the generous gift of an alumna, Miss Edna Jenkins, of Petroleum, West Virginia. This two-story brick cottage with complete modern equipment is designed to afford excellent opportunities for actual practice in home management. It is located on Barbour Street near Agnes Howard Hall.

THE PRESIDENT'S HOME

The President's Home is located at 126 Pocahontas Street.

LIBRARY

The library of West Virginia Wesleyan College contains more than 33,000 volumes, and additions are being made at the rate of 2,000 volumes per year. The library subscribes to more than 225 carefully selected periodicals.

The aim of the library is to provide all books and periodicals needed by faculty and students for reference, research, and recreational reading.

In providing the library the largest budget, and the largest and best trained staff, in its history, the College is observing the principle that a good collection of books and periodicals, efficiently managed, is essential in an adequate educational program.

FOUR NEW BUILDINGS

Four new buildings are to be erected on the campus of West Virginia Wesleyan College, as soon as conditions favor construction. They are to be a HALL OF MUSIC AND FINE ARTS, a gift of Mrs. Lawson L. Loar; a CHAPEL, a gift of Mrs. Calvin A. West; a LIBRARY, a gift of Mrs. Henry Pfeiffer; and a new MEN'S DORMITORY.

RELIGIOUS LIFE

West Virginia Wesleyan College is deeply committed to the Christian way of life. The faculty is made up of Christian men and women. The student body represents various Christian churches. Each student is expected and urged to attend the church of his choice. Many students while in residence at Wesleyan unite with local churches, by transferring their membership. Students participate in the activities of local churches, rendering excellent service and developing skill and proficiency in Christian work.

A religious service is conducted each Thursday evening under the auspices of the Community Council Committee on Religious Activities.

A number of students do field work each summer in the churches of the state.

Wesleyan ministerial students regularly serve several Methodist charges in the vicinity of the College.

CHAPEL AND ASSEMBLY

Chapel services are conducted on Tuesdays at 11:00 o'clock. Assemblies convene on Thursdays at 11:00 o'clock. Attendance at both is required. (See Attendance Regulations.)

Assembly programs are diversified in character, and are always in keeping with the spirit and purpose of the College.

Chapel services are dignified worship services, featuring sacred music, liturgies, and sermons.

The following eminent religious leaders have contributed in recent years to the enrichment of our chapel services: Henry Hitt Crane, W. J. Davidson, Albert E. Day, Sherwood Eddy, Fred D. Gealy, John O. Gross, Elmer A. Leslie, Edwin Lewis, Rabbi George B. Lieberman, Boyd M. McKeown, Harry W. McPherson, Jacob S. Payton, Roy L. Smith, Geoffrey W. 1. An application for admission, on form furnished by the College.

2. A transcript of high school record showing courses pursued, grades earned, credits amounting to at least 15 units (earned in grades 9 to 12), and a clear statement of applicant's standing in his graduating class (e.g., Third, in order of highest to lowest, in a graduating class of 141.)

Forms for use by applicants for admission may be obtained by addressing the Dean of the College.

6. A matriculation charge of $5.00. This charge, to be paid by each applicant for admission, will not under any circumstances be refunded.

Credit for courses taken in non-accredited institutions will be determined by the Committee on Admission and Academic Standing. This committee may require the person desiring credit for such courses to take a series of examinations to demonstrate satisfactory mastery of courses for which credit is sought.

Only a minimum of credits with grades below "average" (that is, below C, or its equivalent) will be accepted by transfer.

West Virginia Wesleyan College will not accept more than sixty-four semester hours of credit from a junior college.

CREDIT FOR PROFESSIONAL TRAINING

A student who has completed a minimum of 96 semester hours may, with the prior permission of the Committee on Academic Standing, enter an accredited professional school, and transfer back to West Virginia

Wesleyan College enough credits in subjects approved by the Committee to complete the total number of credits required for a degree, — provided, he has met fully all other degree requirements.

A student who has completed a minimum of 96 semester hours may, with the prior permission of the Committee on Academic Standing, substitute successful completion of two and one-half years of training in an approved school of nursing for the additional number of credits required for a degree, — provided, she has met fully all other degree requirements.

A student who has completed a minimum of 96 semester hours may, with the prior permission of the Committee on Academic Standing, substitute successful completion of not less than one year of training in an approved school for medical technologists for the additional number of credits required for a degree, — provided, he has met fully all other degree requirements.

REGISTRATION AND CLASSIFICATION

TIME OF REGISTRATION

Freshmen entering in September are required to register during Freshmen Week, September 16-20, 1949. All other students will register on Tuesday, September 20. All students entering at the beginning of the second semester, or at the opening of any summer term, will register on the day designated in the college calendar.

Except in cases of unavoidable delay, late registration is strongly discouraged. Students who enroll late will be required to reduce the number of hours for which they register, unless excused by the Committee on Admission and Academic Standing. A charge of $5.00 is made for late registration.

CHANGES IN REGISTRATION

Changes in registration can be made only with the approval of the Dean of the College, who in problematical cases will require the written consent of the student's counselor, and favorable action by the Committee on Academic Standing. In order to minimize changes, the student should consult his counselor, and, if necessary, the Dean of the College, before registering.

Changes in registration after the first week of a semester, or after the first three days of a summer term (of six weeks), must be approved by the Committee on Academic Standing.

No changes in registration may be made after the third week of a semester, or after the first week of a summer term (of six weeks).

A charge of $1.00 is made for each change in registration, except when required by the College.

STUDENT LOAD

The normal student load is sixteen credit hours per semester, or six hours per summer term (of six weeks). Students who are working part time, or who are failing to maintain a satisfactory scholastic record, are advised to carry loads lighter than the average. The Committee on Academic Standing may require the poor student to lighten his load. No student may register for more than sixteen credit hours in any one semester, or more than six in any one summer term (of six weeks), without the consent of this Committee. No student may register for more than eighteen credit hours in any one semester.

WITHDRAWAL FROM COURSES

A student will be permitted to withdraw from a course only during the first half of a semester, or summer term, and only when the circumstances fully justify this procedure. In order to withdraw from a course, a student must obtain the written permission of the Dean of the College, who in problematical cases will require the written consent of the student's counselor, and favorable action by the Committee on Academic Standing.

If the student is doing passing work when he is granted permission to withdraw, WP (withdrew passing) is entered on his record. Otherwise, WF (withdrew failing) is entered.

If a student discontinues a course without permission, F (failure) is entered on his record.

COURSES REPEATED

A course in which the final grade is either a D or an E may be repeated with the permission of the Committee on Standing. Whenever a course is repeated, both the first grade received and the grade in the repeated course, with their related hours and quality points, shall remain a part of the permanent record. The total number of hours and points required for graduation will be increased accordingly.

CLASSIFICATION

When a student has met all entrance requirements, and has completed his registration, he becomes a freshman; when he has earned 24 semester hours of credit and 24 quality points, he becomes a sophomore; when he has earned 56 semester hours of credit and 56 quality points, he becomes a junior; and when he has earned 88 semester hours of credit and 88 quality points, he becomes a senior.

EXPLANATION OF GRADES AND QUALITY POINTS

Grades	*Explanation*	*Quality Points*
A	Excellent	3
B	Good	2
C	Average	1
D	Poor	0
E	Condition	0
F	Failure	0
I	Incomplete	0
WP	Withdrew Passing	0
WF	Withdrew Failing	0

Further explanation of I: If a student who has been making a passing grade can not complete his work in a course on account of illness or other sufficient reason, an I (incomplete) is entered temporarily on his record. A course recorded as incomplete must be completed within the first six weeks of the next semester, except when an extension of time is granted by the Committee on Standing. Otherwise, the I automatically becomes F.

Further explanation of E: If a student has failed by a small margin to merit a passing grade in a course, an E (condition) may be entered temporarily on his record. A condition must be removed within the first six weeks of the next semester, except when an extension of time is

granted by the Committee on Standing. If the condition is so removed, the final grade of D is entered on the student's permanent record. Otherwise, the E automatically becomes F.

For purposes of this section, a summer session (of twelve weeks) will be treated as a semester.

AUDITORS

A person desiring to audit a course must obtain permission from the Dean of the College, register as an auditor, and pay the auditor's instructional charge for the course. (See Expenses.)

Auditors take no examinations, submit no written work, do no laboratory work, and receive no credit for courses audited.

THE WARNED LIST

A student who fails during any semester to maintain on total record a scholarship quotient of 1.00 or above, or fails to make passing grades (A, B, C, or D) in at least three-fourths of the hours for which he was registered, will be placed on the warned list for the next semester in which he is in attendance, and notice thereof will be given to the student, his parents, and all members of the faculty and administration of the College.

While a student is on the warned list, he is ineligible for election or appointment to any office in any campus organization; for appointment to membership on any Community Council committee; for participation in any time-consuming extracurricular activity; for earning points toward the Wesleyan Key; or for receiving any grant in aid, workship, or scholarship.

For purposes of this section, a summer session (of twelve weeks) will be treated as a semester.

REPORTS TO PARENTS

At the end of each semester the College sends a report of each student's grades to his parents. If a student is failing or in danger of failing at midsemester, the College notifies his parents. These reports are made in the interest of thorough understanding and unity of effort on the part of all persons interested in the education of each individual student.

ATTENDANCE REGULATIONS

1. Each student is responsible for regular attendance upon all classes, subject to the following regulations.

2. Missing any class or laboratory session or major portion thereof constitutes an absence. Missing sessions because of late registration constitutes absences. Missing the last session of any class, laboratory, chapel, or assembly prior to any recess, or the first such session subsequent to any recess, constitutes a triple absence. Absences are of three kinds: Allowed (Rule 3), excused (Rule 4), and unexcused (Rule 9). Only unexcused absences are penalized.

3. A student may without penalty be absent from a class for a number of sessions not exceeding the number of credit hours for which he is registered in the course.

This provision is intended to cover occasional necessary absences.

4. Absences can be excused only by the Committee on Attendance. This committee will consider requests to have absences excused only when such absences were incurred on account of college business, illness, or other extraordinary circumstances; and only when a request to have such absences excused is submitted by the absentee on such forms, and according to such regulations, as the Committee on Attendance may designate.

5. In order to have absences incurred on college business excused, the student must, prior to such absence, have obtained on form provided by the Committee on Attendance the written consent of each of his instructors. If any instructor refuses such consent, the student must avoid the absence, count it as an allowed absence (Rule 3), or bear the penalty. The form bearing the consent, or refusal, of his instructors must be submitted by the student with his request to have his absence excused.

6. In order to have absences due to illness excused, the student must submit evidence satisfactory to the Committee on Attendance that his illness was sufficiently serious and of sufficient duration to account for his absences. This evidence must take the form of a written statement signed by a physician or, in the case of residents in College halls, by the college nurse, — unless, in exceptional instances, other evidence is deemed acceptable by the committee.

7. Instructors will at the end of each week report all absences during that week, or the fact that there were no absences during that week, to the Committee on Attendance.

8. The Committee on Attendance will at the end of each semester report to the registrar the number of unexcused absences of each student from each of his courses.

9. For each unexcused absence one-fifth of a semester hour will be added to the student's total required for a degree.

10. If a student is absent from any examination, except a final examination, and his absence is unexcused, he must pay a fee of $1.00 to the treasurer of the college, present receipt therefor to the instructor, and then make up the examination as the instructor may direct. In the case of such absence from a final examination, the fee will be $5.00. If a student is absent from any examination, and his absence is excused, he must make up the examination as the instructor may direct, but he will not be required to pay any fee.

11. A student may without penalty be absent from chapel and assembly four times per semester. Absences from chapel and assembly are excusable on the same grounds, and in the same manner, as absences from classes (Rules 4 and 6). For each unexcused absence beyond the allowed four, one-fifth of a semester hour will be added to the student's total required for a degree.

12. The Committee on Attendance shall be responsible for administering attendance regulations.

REQUIRED WITHDRAWAL

West Virginia Wesleyan College reserves the right to require any student whose scholarship proves unsatisfactory, or whose presence jeopardizes in any way the ideals and standards the College seeks to maintain, to withdraw.

SERVICES

HEALTH SERVICE

The College maintains a health service for its students, as outlined below.

As one of the requirements for admission to the College each applicant must present at, or prior to, registration a health certificate executed by a practicing physician. Forms provided by the College must be used for this purpose.

Subsequent to admission every student is required to take at least one thorough physical examination annually. These examinations are made by the College physician as a part of the health service provided by the College.

Private homes providing room and/or board for students must obtain approval by the Health Committee.

A competent dietitian plans all menus for College dining rooms.

The College nurse keeps regular office hours at the College, and is subject to call as her services are needed.

The College physician keeps regular office hours at the College, and is subject to call as his services are needed. The College provides his services so far as minor and occasional illnesses are concerned.

The College does not assume responsibility for prolonged or specialized medical care or for hospitalization.

The Buckhannon and St. Joseph's hospitals, located in Buckhannon, afford good facilities and services.

TESTING SERVICE

In order to provide counselors, instructors, and the student himself with reliable information about his individual ability, aptitudes, achievement, progress, vocational interests, and significant personality traits, the College maintains a well planned testing program.

Entering freshmen, prior to registration, take the following standard tests prepared by the American Council on Education: (1) Psychological Examination, (2) Cooperative English Test, (3) Cooperative General Achievement Tests (Social Studies, Natural Sciences, Mathematics), (4) Cooperative Contemporary Affairs Test for College Students, (5) the Strong Vocational Interest Inventory, and (6) a personality inventory. The results of these tests are used in counseling, sectioning, etc., in an effort to adapt instruction to each student's individual needs. Some of these tests are repeated at the end of the freshman year in order to measure the student's progress.

Late in the sophomore year all students participate in the National College Sophomore Testing Program, sponsored by the American Council on Education. The results of these tests, together with results of other tests in special fields, afford an accurate indication of the student's relative standing among the college sophomores of the nation. Such information is invaluable to the student in choosing a field of concentration, and a vocation, in keeping with his particular pattern of competence.

Seniors approaching graduation take the Graduate Record Examination, consisting of (a) general tests, taken by all, in Biology, Chemistry, Fine Arts, Literature, Mathematics, Physics, Social Studies, and Verbal Factor, and (b) advanced tests, taken by each student in his major field only. The results of these tests are very valuable to the student in helping him determine the position for which he is best suited, or decide whether he should undertake graduate study.

Near the end of the senior year, each student must, as a requirement for graduation, pass written comprehensive examinations in his major and minor fields of concentration. The candidate for a degree who successfully passes his comprehensive examinations will not be required during his last semester, or summer term, to take the usual final examinations in courses in his fields of concentration.

This testing program, with the exception noted in the last paragraph, supplements the tests given by instructors in specific courses. It also provides factual data on the basis of which the College undertakes continuous evaluation and improvement of its curriculum.

COUNSELING SERVICE

Each student is advised during his freshman and sophomore years, or until he has selected a field of concentration, by a member of the Counseling Committee. After he has selected a field of concentration, his major department head serves as his counselor.

It is the aim of counselors to study the individual student, and to assist him in his growth toward well integrated adulthood. On the basis of tests, interviews, and social contacts, counselors advise the student and assist him in the solution of his various problems.

PLACEMENT SERVICE

West Virginia Wesleyan College maintains a Placement Service to assist its students and alumni in finding employment. Persons who wish to avail themselves of this service should file with the College the information for which its forms provide. Address the Placement Service.

DEGREES AND REQUIREMENTS FOR GRADUATION

Students should be thoroughly familiar with, and must assume responsibility for meeting, degree requirements. A simplified list of all such requirements is available at the Office of the Dean of the College.

DEGREES AWARDED

West Virginia Wesleyan College confers two academic degrees: Bachelor of Arts (upon graduates majoring in Biblical Literature, Economics, Education, English, Fine Arts, Foreign Language, History and Political Science, Music, Philosophy, Psychology, Religious Education, Sociology, or Speech and Dramatic Arts); and Bachelor of Science (upon graduates majoring in Astronomy, Geography, and Geology; Biology; Business Administration; Chemistry; Home Economics; Mathematics; Physics; or Physical Education.)

SEMESTER HOURS

In order to qualify for a degree a student must earn a minimum of one hundred and twenty-eight semester hours of credit. A semester is a sixteen-week term. In general, a course meeting one hour per week for one semester carries a credit of one semester hour; a course meeting two hours per week for one semester, two semester hours; etc. At least forty-five semester hours of credit must be earned in upper level courses.

QUALITY POINTS

In order to qualify for a degree a student must maintain at least a C average, that is, he must earn at least as many quality points as credit hours. (See Explanation of Grades and Quality Points.) As many quality points as semester hours must be earned in upper level courses.

RESIDENCE

In order to qualify for a degree a student must spend at least thirty-two weeks, and earn at least thirty semester hours of credit and thirty quality points, in residence at West Virginia Wesleyan College. All classes meeting on the campus (as distinguished from extension classes) carry "in residence" credit.

The residence requirements must be met during the student's *last* thirty-two weeks in college prior to the awarding of his degree, unless excused for extraordinary reasons by the Committee on Admission and Academic Standing.

DISTRIBUTION

In order to guarantee to all students some degree of broad orientation in the liberal arts, West Virginia Wesleyan College requires all candidates for graduation to earn the following credits:

Division 1: Languages, Literature, and Arts
English Composition ---------- 6 sem. hours
Fundamentals of Speech ---------- 4 sem. hours

Division II: Natural Sciences and Mathematics
Astronomy, Biology, Chemistry, Geography, Geology, Mathematics, Physics, or Physical Science ----------
(any one) ---------- 6 sem. hours
Physical Education ---------- 4 sem. hours

Division III: Biblical Literature, Philosophy, and Education
Biblical Literature ---------- 6 sem. hours
Philosophy ---------- 2 sem. hours
Psychology ---------- 2 sem. hours

Division IV: Social Sciences
Economics, History, Sociology, or Political Science (any one or a survey course) ---------- 6 sem. hours

As a rule, these requirements should be completed during the freshman and sophomore years.

CONCENTRATION

In order to guarantee to all students some higher degree of mastery within a few fields, West Virginia Wesleyan College requires each candidate for graduation to select at, or before, the beginning of his junior year a major subject and two minor subjects.

In his major subject the student must earn a minimum of twenty-four semester hours credit and as many quality points as semester hours. At least twelve of the semester hours and as many quality points as semester hours must be earned in upper level courses.

In each of his minor subjects the student must earn a minimum of fifteen semester hours credit and as many quality points as semester hours.

No more than forty semester hours of credit in any one department may be counted toward the one hundred and twenty-eight hours required for graduation. (An exception to this rule is made in the case of students qualifying for the West Virginia Special Nonacademic Certificate in Music, who may count fifty semester hours of credit in Music toward graduation requirement.)

COMPREHENSIVE EXAMINATIONS

In order to qualify for a degree a student must pass written comprehensive examinations in his major and minor fields of concentration. (See Testing Program.)

DEGREES WITH DISTINCTION

Students who complete all degree requirements with a scholarship quotient of 2.50 to 2.74 will be graduated *cum laude;* those who complete all such requirements with a scholarship quotient of 2.75 to 2.99 will be graduated *magna cum laude;* and those who complete all such requirements with a scholarship quotient of 3.00 will be graduated *summa cum laude,* — provided, that the scholarship

quotient in each instance shall be, in the judgment of the Committee on Academic Standing, corroborated by scores on National Sophomore Testing Program and/or the Graduate Record Examination. Degrees with distinction must be approved by the Committee on Academic Standing.

APPLICATION FOR DEGREE

At least twelve months prior to anticipated completion of degree requirements, each candidate for a degree should file at the Office of the Dean of the College an application for a degree. Failure to do so may result in postponement of graduation.

Remuneration for such work is $25.00 per week, for a period not to exceed six weeks in any one year. The amount earned is divided equally between the first and second semesters.

LOANS

A number of loan funds are available to students in West Virginia Wesleyan College. Loans are made to students of good character who maintain satisfactory scholarship, provide required recommendations, establish financial responsibility, and sign promissory notes obligating themselves to repayment of principal with interest within a specified time.

METHODIST STUDENT LOAN FUND. The Board of Education of the Methodist Church makes loans to Methodist students. These loans are not available until after the student has completed one semester of college work.

No student is eligible for more than one scholarship, workship, or grant in aid, with the single exception that a student receiving any of these forms of aid may also apply for a Methodist student loan.

Inquiries regarding all forms of aid should be addressed to the Committee on Student Aid.

SUMMER SESSION

West Virginia Wesleyan College conducts annually a twelve-week summer session, consisting of two terms of six weeks each. The summer session is of special interest to (1) teachers in service in public schools, who find it highly advantageous to raise their level of certification, or necessary to renew present certificates, (2) veterans, who are eager to complete as soon as possible their studies interrupted or delayed by World War II, (3) other students pursuing an accelerated program (See Accelerated Program), and (4) entering freshmen.

The first of the two summer terms for 1949 begins on June 6, and ends on July 15; the second begins on July 18, and ends on August 26. Students may attend either term, or both. (See Student Load.)

High School graduates intending to enter college in 1949 are advised to enter at the beginning of the first summer term. Those who enter on June 6, 1949, and pursue successfully the accelerated program will be graduated in January or May, 1952, depending upon the degree of acceleration at which each can successfully pursue his studies. If the same persons should enter college in September, 1949, and omit summer sessions, they could not be graduated before May, 1953. It is therefore, possible to save from one year to one and one-half years in completing one's college course by taking full advantage of summer sessions, and at the same time to effect some reduction in the total cost of one's college course.

Summer session courses are taught by regular members of the College faculty, and are in all respects equivalent in scope and thoroughness to courses offered on the usual semester basis.

The courses offered in the summer session are selected and arranged to meet the needs of entering freshmen, students pursuing the accelerated program, teachers in service, and veterans.

College residence halls remain open for the summer session. (See Buildings and Equipment.)

Charges for instruction, room, board, etc. during summer session are listed elsewhere in this *Bulletin.* (See Expenses.)

Schedules for the 1949 summer session appear on the pages that follow.

EXPLANATION OF COURSE NUMBERS

Courses for freshmen (the 100 series) and sophomores (the 200 series) constitute the lower level of the curriculum. All required courses are located on the lower level, and should be completed, as far as possible, by the end of the student's sophomore year.

Courses for juniors (the 300 series) and seniors (the 400 series) constitute the upper level of the curriculum. In order to qualify for a degree, a student must earn at least forty-five semester hours of credit and at least as many quality points as semester hours in upper level courses. In his major field the student must earn at least twelve semester hours of credit and at least as many quality points as semester hours in upper level courses.

Courses bearing odd numbers are usually given during the first semester, and those bearing even numbers during the second semester. Whenever a course bearing an odd number is given in the second semester, or a course bearing an even number in the first semester, an "r" is added to the number of the course on class schedules and permanent records.

In general, freshmen should enroll for courses in the 100 series, sophomores for courses in the 200 series, etc. The student must obtain the permission of the Dean of the College and of the instructor in the course in order to enroll in a course below his classification; and he must obtain the permission of the same persons, and must have earned credit for the prerequisites, if any, in order to enroll in a course above his classification.

CLASS SIZE

In order to guard against economic inefficiency on the one hand, and ineffective instruction on the other, no classes in which registration is less than five will be taught, and classes in which registration exceeds forty will be divided into sections. Under unusual circumstances the Curriculum Committee may permit exceptions.

PREPROFESSIONAL AND VOCATIONAL COURSES

West Virginia Wesleyan College provides preprofessional education for students of Business Administration, Dentistry, Dietetics, Education, Engineering, Journalism, Law, Library Science, Medical Technology, Medicine, Nursing, Optometry, Pharmacy, and Religion. (See Credit for Professional Training.)

In three fields, — business administration, the ministry, and teaching, — the College provides enough professional training to enable the graduate to enter his profession, although in the case of candidates for the ministry graduate study is strongly urged.

A number of three-year courses, which can often be completed in two calendar years by moderate acceleration, will meet the degree requirements of West Virginia Wesleyan College when supplemented with at least one year of successful study in an approved professional school. (See Credit for Professional Training.)

OUTLINES OF COURSES

In order to provide students a plan of studies required, or recommended, in preparation for various professions and vocations, a number of outlines are included in the pages that follow.

These outlines are not to be regarded as rigid prescriptions, allowing of no exceptions or modifications. With faculty counsel, some departures, or rearrangements, will occasionally be wise.

In the case of outlines that do not provide fully for major and minor concentrations, electives should be used to complete concentration requirements. (See Concentration.)
